# Criticism Of CIA

## Should Be Pondered

WASHINGTON — The FBI years ago thoroughly infiltrated; the American Communist party; and, through the information and exposure which followed, was the major factor in reducing the party to a shell.

But suppose the FBI had not infiltrated — after all, the party represented itself as a political grouping — and today communism here had a far greater membership and was considered a menace to national security.

The FBI would have been publicly condemned — and by now might have been replaced by some new agency — for it is responsible for obtaining in formation essential to the nation's domestic interests.

The FBI's job is in this country. It's opposite number, the Central Intelligence Agency, has the same responsibility as the FBI but it's field is the only."

world outside the United States.

Now it is being criticized for subsidizing the National Student.

Association, the oldest and largest student organization in the United States, with perhaps as much as \$3 million between 1952 and 1965.

Eugene Groves, NSA president, said the CIA funds had been used to help finance the group's international activities, including sending student representatives to student congresses abroad and funding student exchange programs.

Groves said "the relationship apparently originated because the CIA believed that a strong American national union of students acting internationally was in the national interest."

This was said to be the CIAs main purpose throughout — to combat Communist-financed youth organizations which, like NSA and similar Western groups — were not publicly sponsored by government and thus appeared to be "students only."

Some of the CIA money went; as undercover payments to past. NSA officials in yearly sums of \$500 to \$2,500. But NSA has now severed connections with the CIA.

Officials of the CIA, the most secretive government agency, are saying nothing. But a former CIA director, Allen W. Dulles, who knew all about the arrangement, said, "We ebtained what we wanted" in return for payments to NSA.

He said NSA representation at international student conferences threw a damper on Communist influence at such meetings.

Nevertheless, CIA is being criticized for infiltrating the campus. President Johnson has instructed some government officials to form a policy that would prevent CIA or any other government agency from endangering the integrity and independence of American educational institutions.

with the possibility that Comnunist youth organizations aight dominate in the internaional student field.

So it had to make a choice: Do what it did, try to achieve he same result in some other vay, or do nothing although it is lousy all over the world in a lousand ways to prevent, reduce or eliminate Communist control or influence.

This raises a question: If you were in charge of the CIA, what would you have done? One thing sure: If the Communists did get control of the international student groups, and if this was que to the failure of the CIA to co-anything; and if this fact become known, the CIA would be noundly condemned here at lome.

Sen. Gale McGee, D-Wyo, delended the CIA against what he ermed "short-sighted crittcism." He told the Senate, "We are trying to survive in a jungle, world in which no holds are parred on the part of those with whom we must contend." FOIAb3b
